Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' process for producing a polyol is unobvious over the prior art of record because the prior art of record does not teach or suggest adjusting the pH of the separated polyol, as presently claimed, in a range of 6 to 9 before extracting the said polyol. Such a modification allows for a more pure polyol product as demonstrated by applicants' Examples and Comparative Examples. All claims (1, 3-14) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
